## Monthly Newsletter

### **Invoice Plus Update**

The final stage of the Invoice Plus program is done. The module will be installed at the Saginaw County Road Commission before the month is over. Testing and fine-tuning will continue throughout August and the final release will be available for purchase at that time. Call us for updates and purchase information.

### **UtilAbility Update**

Version 4000 of UtilAbility will be available by the end of August. A CD and installation instructions will be mailed to those customers at that time.

### **Short but Sweet**

Another short but sweet newsletter this time, but we're hoping to fill September's edition with much more!
