New Payroll Year Reminder

Don't forget to set up your Payroll Year Date for 2008. This program is located under the main Payroll Menu bar in the Payroll Constants. The program name is "Payroll Year Dates."

Equipment Rental Rates

I know we just reminded you of this before, but if you bill the State back for equipment rental, don't forget to apply the Equipment Rental Update program before you post your first time card that's dated in 2008.

Verify your new rates by checking State Code 12.300. If you apply the rates in the rental file without modifying them (e.g., you make no percentage rate adjustments), the new rate should be 9.83.

New Update CD

You should have received version number 6010 in the mail recently. This update CD contains the 2008 payroll tax tables, the 2008 equipment rental rates, and several program changes. If you haven't received this update yet, please call George Loeschler at 888-558-5179.
